To: Person, Claire

Please make sure GMR incorporates this information into there training manuals.

This should be something we cover in our 3:00 conference call - When we can review the training manual, what will be covered, who is responsible for what and whatever else.

Laura, the following are the product attributes which currently appear in our sampling manual for B&H. Ginny asked that I send them to you for review and approval for the new Club B&H sampling manual. Thanks.

BENSON & HEDGES 100's:

With BENSON & HEDGES you get the taste and smoking pleasure that comes from the "quality" cigarette.

BENSON & HEDGES delivers the rich flavor of premium tobaccos in a sophisticated 100mm cigarette.

With BENSON & HEDGES Menthol, you get cool, premium tobacco flavor from the finest cigarette in its class.

BENSON & HEDGES 100's LIGHTS:

BENSON & HEDGES Lights delivers premium tobacco flavor in a satisfying low tar smoke.

BENSON & HEDGES Lights Menthol - the mild low tar cigarette that blends soothing menthol flavor with premium tobacco taste.

BENSON & HEDGES 100's DELUXE ULTRA LIGHTS:

BENSON & HEDGES Deluxe Ultra Lights - only 6mg tar, yet rich enough to be called Deluxe.

BENSON & HEDGES Deluxe Ultra Lights - an ultra low tar cigarette with satisfying taste.

BENSON & HEDGES Deluxe Ultra Lights Menthol delivers cool, rich taste with only 6mg tar.
